

MATH1061/7861 ASSIGNMENT COVER SHEET

Assignment Number:

Please circle your tutorial group below. If you do not circle this correctly we will not be able to return your marked assignment to you.

TUTORIAL TIME:	Wed 2pm	Wed 3 pm	Thur 1pm	Thur 2pm
----------------	---------	----------	----------	----------

TUTOR'S NAME(s):

YOUR NAME:

YOUR STUDENT NUMBER:

Please STAPLE your pages together, attaching this page as your front page.
Ideally, use A4 sized paper.

As the three assignments 4, 7 and 10 in MATH1061/7861 can form a part of the course assessment, they must be the student's own work. If an assignment contains plagiarised material, it is a violation of the University examination rules. Do not copy from another student's work! Do not use another student's work and rewrite using your symbols! Marks will be deducted if answers do not display independent working. In extreme cases disciplinary action may be taken.

I declare that this assignment work attached here is my own work.
